

Fractured Compound

Program Note

This three-movement work is similar to many of my other works in its exploration of juxtaposition as a primary organizational and aesthetic element. The inspiration in this case is mostly geologic. I have always been fascinated by the drive through Wyoming, where the landscape is often broken up by large, imposing structures that take a myriad of forms. These structures appear immobile and everlasting on the one hand, but also at times fragile, unbalanced, artificial, and ready to collapse on the other. Always they seem to be silent monuments to a violent past. In much of the present work, sound compounds (the rock formations of the work) consist of various arrangements of melody, ostinati, and/or textural filler. I then employed several methods of fracturing the sound chunks, particularly in the jagged, abrupt changes that occur from one chunk to the next, and also in the "broken record" technique of repeating a fragment over and over and over. Otherwise the work is quite old-fashioned, with its *fortspinnung* melodies and toccata, adagio, and fugue (and then more toccata) layout.

The musical score is for a SATB choir. It consists of four systems of staves, each with four parts: Soprano (S), Alto (A), Tenor (T), and Bass (B). The time signature is 4/4. The key signature has one sharp (F#). The score includes various musical notations such as notes, rests, beams, and slurs. Dynamics are indicated by letters: *p* (piano), *pp* (pianissimo), *f* (forte), *ff* (fortissimo), *mp* (mezzo-piano), and *f* (forte). The score is divided into measures by vertical bar lines. Some measures contain triplets, indicated by a '3' over a bracket. The vocal parts are written on staves with treble clefs for Soprano and Alto, and bass clefs for Tenor and Bass. The bass part has a prominent melodic line in measures 219-224 and 229-230.
