for alto saxophone and amplified harpsichord

Neil Thornock

## **Program note**

Tryptique: a set of three

Trashtalk: to speak disparagingly or insultingly

## **Performance note**

The saxophone is to have a rough, gravelly, stringent, honky sound in the first and last movements.

The harpsichord is to be amplified to better match its dynamic levels with the saxophone.

A piano may be used if a harpsichord is not available.

Otherwise, have fun!

Please notify the composer of any performances.
